

BodyTalk Modules 1 & 2

Sept 30 – Oct 4, 2010 in Boulder

www.BodyTalkColorado.com

**When the Body *Talks* to itself, it can *Heal* itself.
Health can really be that simple!**

The BodyTalk System™ is an astonishingly **simple and effective** form of energy medicine that balances and synchronizes all the systems of the body - including the brain and nervous system, organs, endocrine glands, acupuncture meridians and chakras. Using only light touch and **gentle tapping** techniques, BodyTalk helps the innate wisdom of the body to restore balance and harmony within the bodymind, allowing the body to heal itself.

Professionals in many fields are making BodyTalk the core of their practice, including **acupuncturists, chiropractors, naturopaths, massage therapists, nurses & MDs** because of the **great results!**

No more guesswork!

By consulting the innate wisdom of your client's body using subtle biofeedback, you always address the right thing and in the right order.

Module 1 Topics:

Cortical balancing for neurological issues
Switching (basic dyslexia treatment)
Balancing Hydration and Water Metabolism
Balancing organs, endocrine glands & body parts
